### Red Pill

Kunzru, Hari

*Red Pill* is a novel about the alt-right, online culture, creativity, sanity and history. It is the story of the 21st century, told through the prism of the centuries that preceded it, and it shows how the darkest chapters of our past have returned to haunt our present. More than anything, though, *Red Pill* is a story about love and how it can endure in a world where everything else seems to have lost all meaning.
